

Fall 2021 - Business Newsletter

Youth Impact

One-on-one mentoring is a crucial part to helping youth feel connected and valued. We continued to meet with different youth over the summer that are connected with our community programs.

30 youth were impacted in unique and engaging ways, during 3 weeks of Day Camps.

With the housing summer program, it's given our youth an opportunity to experience things other youth get to do, whether it's going to the beach, having a bonfire or having a movie night.

Partnership Impact

Darren Illingworth - President

Years in Business - 20

I value giving back to the community because a business cannot survive without the support of the community.

The community then needs the support of those business to grow and thrive. If we rely on politics to help our communities, it will not go to the organizations that need it the most. Organizations that help people, that live and work in the community and that see the things that are going on around us. If people like me do not take some part in helping out, then a community falls apart.

I like partnering with YFC Regina because I believe in what YFC is about and the impact that is happening with the youth they serve.

Upcoming Opportunities

We are hoping to host a fall business lunch/or an event to get re-connected. More info to come later.

This fall/winter, we are fundraising towards the purchase of newer vans for youth transport as our current ones need replacing. I will be in touch with you soon concerning this. Thank you for all the ways in which you partner with YFC Regina and other organizations to continue impacting youth in our city and beyond! YOU are the reason we can continue to do what we do!
