TRIMOUNT

Welcome

We are excited to once again host the YFC Victoria Annual Fundraising Golf Tournament at Olympic View Golf Course on Friday, September 13, 2024 at 1:00 pm. We invite you to partner with us in reaching the youth of Victoria and Southern Vancouver Island with messages of Hope! This event is YFC Victoria's largest fundraiser and the proceeds from the day provide a significant percentage of our annual budget towards supplementing staff and program costs.

YFC Victoria's programs stretch across the entire South Island, working to engage the youth of our region through outreach programs and support of other local initiatives. This past year, our staff were in direct contact with close to 900 youth. Through our involvement in public schools, on Indigenous communities, outreach centres and in the city's core, we encourage each young person towards a positive future and towards Hope.

We would love for you to consider joining us as a sponsor, by making a donation, or bringing a foursome together for the day. Being involved in any of these ways is a huge help for us.

YFC Victoria is a registered Canadian charity. Should you require further information from us, or have any questions, please do not hesitate to contact our office. If you are already prepared to join us in sponsorship, you can mail in a cheque along with the form in this booklet or sign up online at yfcvictoria.com/golf.

We thank you in advance for your support!

About YFC

Youth for Christ Victoria has been in Victoria since 1980, founded by people with a vision to bring hope to every young person in the area. Our ministry is involved in responsible, effective, and culturally-sensitive outreach to youth, communicating & caring

in ways that are relevant to this generation. From prevention to helping kids in the margins, our dedicated staff and relevant programming aspire to address the needs of young people and give them the tools to be successful no matter what their path in life.

YFC Stories

We sent a shipping container of goods to our YFC partners in Kenya this past year that local Victoria youth had packed. Our staff member was able to travel to Kenya and distribute school supplies from that container to 20 of the poorest families in a school run by our YFC partners.

3 years ago, a young girl who was abusive, angry and in trouble at school and with the authorities, was only allowed to leave the house to join our programs. As of this past summer, the transformation in her has been so significant that she is now one of our leaders at our youth group.

A 16 year old, drug-addicted girl we worked with on the streets had a baby last year. Through our staff's support, she's now housed, back at school, graduating this year, and has her baby back in her care.

A young man who we met through our breakfast programs has been attending our outreach nights for the past 2 years. After many talks and questions, he made a decision to follow Jesus and has joined a local area church.
